Perfect Communication

Systems & Innovation Senior Manager

We are a young dynamic team and technology is a key driver in our desire to continue to be the leader in our industry. We are now looking for a Systems & Innovation Senior Manager (SIM) with a solid technical background who wants to play a significant role in leading the company's technology innovation and expansion strategy.

The SIM must have knowledge of a wide range of technical skills and would be a key member of the organization's overall technical and innovation drive, getting involved in various technology segments. He or she will also play a leading role in liaising with MYL's Clients on system integration.

SKILLS & ATTRIBUTES

- At least 5-7 years' experience in a technology environment;
- Knowledge in IT support, such as Microsoft Windows configuration, Desktop Admin
- Some experience with CMS systems such as Sitecore, AEM, Ektron, EpiServer, Joomla, WordPress would be an advantage;
- A strong sense of urgency and ability to multi-task;
- Proven ability to operate with accuracy and precision;
- Ability to provide creative solutions to problems;
- A highly logical thinker and communicator who can explain intricate processes in a clear manner;
- Experience as either a web developer, systems engineer or technical support is an advantage;

If you believe that client satisfaction, integrity, teamwork and innovation are values that make a great business, you are the right kind of person for our team. Please send your CV with expected salary to recruitment@mylGlobal.com **Only Hong Kong-based candidates will be considered.**
